“

WE GOT AN ECLIPSE RECLINER FOR MY FATHER TWO YEARS AGO - HE'S NOW 86 YEARS OLD.

He has prostate cancer as well as heart issues. He sleeps in his chair constantly - more so than his own bed. He can get in multiple positions that are comfortable and still watch TV as well as sleep peacefully. I am so thankful we got this for him. It has now become everyone's favorite recliner in the home! **It also fits right in as a recliner - doesn't look like an old fashion lift chair that you see elsewhere.** He's not the smallest guy in the room, and it holds up with its solid wood frame. American-made, baby!
